

Compassion PRAYER TOUR

During this time of social distancing and self-quarantine, it is easy to let feelings of isolation and anxiety begin to creep in. For many of us, our normal routines have been altered and perhaps we are searching for purposeful things with which to fill our time.

With this in mind, we have created a way for you to be actively involved in the lives of the patients, staff, and their families through prayer. Prayer is not passive, but active and powerful! As James 5:16b says, "The prayers of a righteous person is powerful and effective."

So, we would like to invite you to walk with us through the steps listed. Discover who we are and what it's like to be a patient and staff member. Join with us in prayer for God's continued provision, direction, and miracles at The Children's Center Rehabilitation Hospital.

We would love to hear from you! Send an email to our Director of Pastoral Care at dbayles@tccokc.org or tag us on social media and let us know how you prayed for us and how we can pray for you.

So I tell you, continue to ask, and God will give to you. Continue to search, and you will find. Continue to knock, and the door will be open for you. Luke 11:9
